GAMING IN INDIA

India's gaming industry has seen a meteoric rise in the past few years and is one of the fastest growing segments within the media and entertainment sector.

The Digital Gaming India Expo 2023 will bring together the entire eco-system from India and overseas to take the Indian Gaming Industry to the next level. The forum facilitates collaboration amongst gaming companies and showcases institutions working on cutting edge technology, including AR/VR, Blockchain, NFT, Robotics, Digital Gaming, and more.

HUGE OPPORTUNITIES IN INDIA'S GAMING MARKET

- The Indian Gaming industry is projected to cross USD 5 Billion
- India is the world's largest Gaming market by App Downloads
- India has 400 Million Gamers & 500 Gaming Studios
- Projected to grow to 600-650 Million users by FY25
- Leading to a large demand for a highly trained workforce

KEY DRIVERS OF GAMING IN INDIA

- Rising disposal income
- Reach of internet in every part of the country
- Increase usage of digital payment
- Growing local developer ecosystem & local content development
- Penetration of low- cost smartphones amongst young urban and rural population
- Affordable new technologies
- Monetization is realized through revenue streams like in-app purchase, pay per download, subscription service etc. by gamer(s)
